

HERRERA, FRANCIS MARIANNE

Profile

I'm a committed professional with a strong foundation in IT compliance who is eager to go into Quality Assurance. My knowledge of regulatory compliance, and process optimization has improved as a result of my work in IT compliance. Skilled at seeing possible problems and taking action to make sure systems are as secure and functional as possible. Eager to use the precise attention to detail and analytical approach in a quality assurance position. My willingness to take on new challenges and propel success in the field of quality assurance is based on my dedication to lifelong learning and professional growth.
